

In-House Courses

Petrophysics Pty Ltd offers customized In-House training seminars to meet company specific needs at competitive prices. Companies can host a seminar, invite their business partners and share costs.

Please send an email introducing your particular training objectives to mark@petrophysics.net
Please include your company address and full telephone number with your enquiry.

In-House Courses, 5 days or 3 days tailored

In-House Courses are available directly from the author. **These courses provide strictly relevant, practical value, being taught by a mainstream experienced consultant rather than an academic.**

Integrated Petrophysics..	Carbonate & Fracture Petrophysics	Actual Well/Field Evaluation
---	---	--

"Integrated Petrophysics.." is a condensed package of powerful integration techniques, appreciated on many levels (see Testimonials). "Carbonates & Fracture Petrophysics - A Roadmap" provides a systematic methodology for the data acquisition and appraisal of C&F reservoirs which has been successfully adopted by many operating companies. 20 years of natural selection from over 50 consulting projects means these courses address the real world needs of oil and gas staff.

Course content may be tailored to meet your specification or amalgamated from the "Detailed Contents" list of different courses.

Standard Terms

Fee for up to 8 participants per course	12,000 Euro (5days)	or	10,000 Euro (3days)
Fee per participant* over 8	1,000 Euro (5days)	or	800 Euro (3days)

Fees include one manual per participant.

Process..

1. Client signs and returns the "Permanent File Delete Agreement" 30 days prior to the agreed course date, see [www.petrophysics.net/Permanent File Delete.pdf](http://www.petrophysics.net/Permanent_File_Delete.pdf). This indicates a commitment to the course by both parties and agreement to the published terms herein.
2. The course original source files (A4 only) and copying instructions are downloaded or copied to client's FTP site 7 days prior to the course, **for reproduction by client**. Copyright applies: Client agrees that copies for course participants only will be produced plus two for instructor and that all course files will be permanently deleted.
3. Cancellation: If client elects to cancel the course **after** the Permanent File Delete Agreement is returned, then: a) all files shall immediately be deleted without copying, and b) a 5,000 Euro cancellation fee and any travel costs already incurred shall immediately become due and payable. (This condition is necessary to reduce the inconvenience and significant financial loss caused by last minute cancellations)
4. Client arranges and pays up to 8 nights hotel accommodation per course. Please inform agent:
 - room, breakfast, internet and laundry are Direct Billed** to your company not paid by Instructor
 - room to good business class standard
 - late check-in guaranteed
 - non-smoking room with one double bed
 - one meal per day
 - laundry
 - 24hr broadband internet access. Any additional items to the above will be paid by Instructor
5. The cost of a Standard Economy Class return flight, or Business Class where flight exceeds 4 hours, shall be paid by client from Perth to the course location. Small, legitimate expenses (e.g. taxis, local transportation, courier, visa etc) related to the course but not covered above will be invoiced and may be estimated where necessary (e.g. return taxi home).
6. Client approves and signs Invoice on the third day of the course (usually Wednesday) for payment by Electronic Funds Transfer within 15 days. Client confirms that no unauthorised paper or electronic copies of course materials have been retained.
7. Fees are **Euros net received at bank** and are free and clear of any and all local taxes, withholding taxes, GST, VAT, local agency fees, retention fees etc, etc. The invoice is converted to Australian Dollars (AUD) at the rate published for the invoice date at www.xe.com, attached to the invoice. The invoiced amount is telex transferred in AUD direct to bank. Cheques are not accepted.
8. Meeting room facilities, audio-visuals, lunch and refreshments are provided by client, see www.petrophysics.net/lecture_setup.htm. One laptop computer with MSExcel for each student, or shared between two is required.
9. Course dates as mutually agreeable.

*Participant: Anyone who attends the course for a day or more OR receives a manual.

**Direct Billed: Client arranges and pays for accommodation directly. Instructor does not pay for Hotel for later re-imburement.

END
